# LEAP AHEAD IN YOUR PROFICIENCY WITH PERITONEAL DIALYSIS

Advance your nephrology education by enrolling in the PD Academy, a comprehensive peritoneal dialysis (PD) training program for doctors and nurses. The PD Academy curriculum was developed by an expert faculty from the Southeast Asia Peritoneal Dialysis Network.

Endorsed by: ISPD

Knowledge powers better care

**Join us now to enhance your PD skills and build your confidence in patient care!**

## AT A GLANCE

**PD FOUNDATIONS** — Learn the basics of PD and perform it with confidence

**PD EMPOWER** — Implement high-quality PD, establish new services, and collaborate with regional colleagues

**PD ADVOCATE** — Develop a passion for driving excellence in PD; mentor and encourage peers and stakeholders in the nephrology community

- An extensive, **modular training curriculum** for PD, tailored for both doctors and nurses
- **Curriculum designed by a faculty of leading PD experts** to take you from the fundamentals of PD to local leadership in managing a PD unit
- **Three program tiers adapted to your learning needs** and level of expertise

PD Academy

## WHO SHOULD APPLY?

### PD FOUNDATIONS

- Doctors or nurses who are new to PD
- Dialysis nurses with minimal experience in PD
- Trainees in Nephrology

### PD EMPOWER

- Doctors and nurses who have completed the PD Foundations program
- Doctors and nurses with experience in PD and currently looking after ≥20 PD patients
- Doctors and nurses who want to further their skills and achieve high-quality outcomes in PD

### PD ADVOCATE

- Doctors and nurses who have completed the PD Foundations and Empower programs
- Doctors and nurses already running a successful PD program with outcomes that are comparable to and recognized by international standards
- PD leaders with a passion to drive PD development in their region and a desire to help other centers improve their PD programs

## WHAT YOU WILL GAIN

Knowledge, skills, and support to advance the effectiveness and quality of care provided to PD patients and improve your practice

An opportunity to attain PD competence accreditation (subject to local assessment guidelines)

The required skill set to advance your pathway to local PD leadership
